Adopted at Meeting of Directors of Connecticut State Business Men's Association

BROAD POWERS GIVEN TO COMMISSION

To Investigate All Complaints as to Matter of Public Safety, Safety of Employees, Etc.—Other Provisions of the Bill—The New Measure Said to be the Best that Has Been Presented.

Hartford, May 27.—At a meeting of the directors of the State Business Men's association here today a new public utilities bill was adopted as recommended by the legislative committee of the association, which will be presented to the next legislature and its adoption will be urged by the business men of the state.

Provisions of the New Bill.

The bill provides for a commission of five adequately paid men to be appointed by the governor for terms of five years, subject to removal by the superior court for cause, upon written complaint filed by the attorney general. The bill provides that active participation in political management or campaigns, as well as misconduct, shall constitute cause for removal and requires the attorney general to file complaint when so directed by the governor when requested in writing by 100 electors of the state. It requires all holders of the commission to be in writing and to state the reason therefor. The bill provides for

VIRGINIA STUARTS CLASH WITH CUSTOMS AUTHORITIES

Charged With Intention to Evade Payment of Duties.

New York, May 27.—Mr. and Mrs. Henry S. Stuart of the well-known Stuart family of Virginia, who returned from Europe on the Mauretania today, both sides admitted tonight that there had been misunderstanding. Eight of Mrs. Stuart's trunks, a lot of twenty-five pieces of baggage, were seized and sent to the public stores containing valuable goods not declared. But as Mr. Stuart has expressed willingness to pay duties, if they will be released when he does so, and he may appeal for redress if he considers the appraisal unjust.

George Smyth, chief inspector of the port, talked with the Stuarts today. Afterward he explained that inasmuch as Mrs. Stuart had been living abroad for the last two years she thought she was a non-resident, and this misapprehension caused all the trouble. The fact that Mr. Stuart is resident, however, Mr. Smyth said, according to the rulings of the treasury department, made his wife also a resident.

"But I am sure," he added, "that the declaration was made out in good faith and that there was no intention on the part of Mr. and Mrs. Stuart to evade the payment of duties." Mr. Stuart, he said, was ready to pay all the duty necessary.

Mr. Stuart said:

"I do not charge that there is any intention on the part of the customs officials to do me an injustice and I believe that there has been some misapprehension. I do claim non-residence for my family. I know the law and I am going to stand by my rights. I am sorry that this whole thing has attracted so much attention and the superfluous vigilance of the customs officers has put me in this queer light."

Mr. Stuart is a nephew of Gen. J. E. B. Stuart, the Confederate cavalry leader, and is a candidate for congress. His home is at Elk Garden, Va.
